ABOUT US

Nihari Corn LLP is a company that specializes in food manufacturing and processing. They were founded in 2019 and are located in Nashik, Maharashtra, India.

Our products are designed to be enjoyed by regular consumers as well as by health conscious individuals looking for healthy options. All our products are manufactured using the latest technologies such as retort sterilization or vacuum packing without adding harmful preservatives or chemicals. We strive to deliver distinctive tastes using the latest food processing technologies, conceptual innovations, and in-house research without jeopardising the quality of our food or compromising on taste.

State-of-the-art machinery and equipment, including a variety of canning lines, is spread over 2 acres at this state-of-the-art facility. Some of the smaller machines you will find at our facility include: jams & jellies lines, fruit juicers, fruit rollators, seasonings line, etc. We also have several larger machines to handle the heavier items like apples & onions. Our production is always on the increase and we are hoping to add more equipment to increase efficiency even further!

- GERMAN RETORT MACHINES
